Subject: New Product Evaluation Committee Action on:
EarthGuard Fiber Matrix by Terra Novo, Inc.,
Assigned # NP-08-4839

Dear Mr. Foster:

The New Product Evaluation Committee considered the subject product at its October 23, 2008 meeting and agreed to assign EarthGuard Fiber Matrix, "Approved for Usage" status. This decision was based on the satisfactory performance during the evaluation of the product conducted by the New Products Evaluation Committee.

Usage of products, which have been evaluated and approved by the Committee, is encouraged. However, if problems arise at any time, the product will be removed from the Approved Products List pending further review. This approval does not infer that products will be, or must be, used by Department forces or that the products will be actively promoted by the committee.
